REPORT OF THE BOARD OF EDUCATION

The past school year has been one of harmony. A good degree of interest has been manifested by teachers and pupils. Owing to sickness and severe cold weather the attendance during the last term has not been as good as we had hoped. Parents and guardians will consider the importance of scholars being present at every school session, thus aiding the teacher in classifying her pupils, and adding to the roll of honor. The outside of the West primary school building has been improved by painting.

In the last school report attention was called to Chapter 77 of the Session Laws of 1899, authorizing a union of school districts for the employment of a superintendent of schools. It was voted at the last school meeting that the school board ascertain from towns where it was being tried what satisfaction it was giving, and report at the next March meeting. To this end the State Superintendent of Public Instruction was invited to speak to our citizens. He responded, giving a plain, comprehensive address favoring the plan. We trust that good results will follow, and that a district will be formed in the near future.

ROLL OF HONOR.

THREE TERMS.

Harlan Whitcomb, Alice Whitcomb, Charles Bennett, Forace Hall.

TWO TERMS.

Matilla Betterly, Earl Dodge.

ONE TERM.

Ellen Hoffsess, Harry Wilkins, Chester Barnaby, Harry Corey, Gerald Shattuck, Leona Houle, Hazel Goss, Exilda Ouellette, Wilfred Ouellette, Michael Regan, Mary Regan, Grover Farwell, Esther Farnsworth.

REPORT OF THE BOARD OF EDUCATION

Again we render our yearly school-report, with its failures and successes. Our teachers have done faithful work, and pupils in all our schools who have attended regularly and applied themselves to study, have made good progress.

Owing to the decrease in attendance the latter part of the fall term at the North District, and the difficulty in procuring a teacher for the winter, we thought it best to transport the scholars from that school to the village. We feel that this would have proved a stimulus, especially to the older pupils, but the plan met with unexpected opposition on the part of the parents, and was abandoned.

Money voted for reshingling the south side of grammar school-house has been thus expended.

While the school board would have gladly welcomed a District Superintendent, yet the time does not seem quite ripe to again bring the matter before the people for consideration.

Let us as a town, help to erase the word Illiteracy from our fair State, and this can be done only through co-operation–parents, teachers and school board working together for the best interests of the school.

ROLL OF HONOR.

THREE TERMS.

REPORT OF THE BOARD OF EDUCATION

In presenting the annual school report we make the following remarks.

The Board have endeavored in their selection of teachers to procure those of experience and ability. Nearly all the children in the different schools have endeavored to profit by the advantages with which they have been surrounded. And those who have attended school for the purpose of obtaining an education we think have shown great improvement.

But we are sorry to state there are a few scholars that take no interest whatever.

We think in regard to this matter, that if parents and guardians would take more interest that better results would be obtained.

We have introduced, during the fall term a "course of study" which in course of time we think will be beneficial to our schools.

We found the text books in very poor condition at the beginning of the school year, but owing to small amount of money assigned for this purpose, we were not able to buy as many new books as were needed.

We are glad to say that the attendance during the past year has show marked improvement.

But we have had several cases which required the assistance of the state truant officer.

The South side of the Village primary school has been reshingled also a few needed repairs done inside.

The West primary school house has been made presentable to visitors also safe to the scholars.

We found during the fall term the cupola on the grammar school house was in such a condition that we were obliged to overrun our appropriation to repair same.

To enable the Board of Education to enforce the law in the out districts and also to give those children a better chance to obtain an education we would recommend $100.00 be appropriated over pres-

ent appropriation for this purpose, as we do not deem it advisable to shorten the school year.

We should also recommend the sum of $85.00 be appropriated for text books and school supplies.

We wou'd recommend the sum of $75.00 be appropriated for general repairs during the coming year.

REPORT OF THE BOARD OF EDUCATION

In presenting our annual report, the School Board would also make the following remarks. On account of Scarlet Fever prevailing in the West District, we thought it best to close that school for two weeks.

After the fall term of school began, Diptheria broke out in Town, which made it necessary to close the Primary school in village for two weeks.

The daily attendance at North and West schools have improved greatly the past year. Village Primary where we ought to have our best attendance, we are sorry to say, ranks the lowest.

We think if the parents would take more interest with their children, better results would be obtained at this school.

Have during the year improved the sanitary condition at the Grammar and West schools.

Also have done needed repairs at all the School houses.

As the windows at Grammar school are in such poor condition, we recommend new windows, also to have this building painted.

Under Laws passed 1909, we shall need the following sums of money for ensuing year.

Text books and supplies,	$80 00
Flags and appertainances,	8 00
Tuition,	100 00

We recommend the sum of $150.00 be appropriated for repairs during the coming year.

ROLL OF HONOR.

STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the town of Brookline in said state, qualified to vote in District affairs.

You are hereby notified to meet in the Grammar School House in said district on Saturday, the twelfth day of March next at two o'clock in the afternoon, to act on the following subjects.

Art. 1. To choose a moderator for the ensuing year.

Art. 2 To choose a clerk, a treasurer, two auditors and all other necessary officers for the ensuing year.

Art. 3. To choose one member of the school board for three years.

Art. 4. To see if the district will vote to accept the following by-law: Section 1. Any child in this district between the ages of six and sixteen years, without a regular and lawful occupation, who shall, except in case of ill health, be absent from school for more than one day during the space of any one month, unless excused by the school board, shall be fined not exceeding ten dollars for each offence.

Art. 5. To see what sum of money the District will raise for school purposes.

Art. 6 To see what the District will do for repairs of school buildings, raise money or act or do anything in relation thereto.

Art. 7. To see what sum of money the District will vote to pay the District officers for the ensuing year.

Art. 8. To transact any other business that may lawfully come before said meeting.

Given under our hands at said Brookline, this twenty-third day of day of February, A. D., 1910.
